Re: Notice of File Closure for Small Mining Activities, Gold Trek Int., Pyserts Cabin Mine, S/017/033, Garfield County, Utah

Dear Mr. Terry:

This letter is to notify you that the file, S/017/033, for the Pyserts Cabin small mining project, located in Garfield County, Utah, will be retired from our files.

On November 4, 1999 I inspected the site and found the reclamation at this site was satisfactory. Therefore, as per your February 24, 1999 request that we inspect and close this file, the Division hereby releases you from any further responsibilities at this site. You will not have to pay the \$100.00 permit fee as recently requested. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice to the appropriate agency(s), pay the Division permit fee, and receive written approval(s), prior to creating any disturbance.

As this project was located on Bureau of Management (BLM) managed lands, release from this Division *will not* relieve you from any obligations you may have with the landowner.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5321.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Tom Munson'.
